

STATEMENT OF PURPOSE

RS21014C1

The purpose of the amendment is to exempt executions from regulations governing controlled substances and the practice of medicine and pharmacy, to clarify that employees participating in executions are entitled to the protections of the Idaho Tort Claims Act, and to provide that persons participating in executions under this section are not subject to civil or criminal liability for the death of the condemned person. The new language in subsections (2) and (3) is drawn largely from a previous version of the same statute.
